Trans Coral Shipping FZE was established in 2011 in the Emirate of Sharjah for the purpose of establishing itself as a player in the global maritime industry.

Incorporated under the commercial law of the Government of Hamriyah Free Zone, Sharjah, U.A.E., **Trans Coral Shipping's** primary function is to exclusively manage the group's entire commercial and operational activities in its core business of providing its clients a "one stop" solution in shipping and logistics.

Trans Coral Shipping is your specialist for the transport of Heavy-Lift, Project and Break-Bulk and Dry-Bulk cargoes across all oceans of the world. Thereby, you can always expect the highest degree of safety and reliability. To carry on, manage or handle, provide or operate all or any of the business of merchants, shippers, bunkering services, ship owners, ship brokers, chartering agents, and to act as managers of shipping properties, lines, or services of any kind.

Trans Coral Shipping has had the privilege of working with several well established & reputed Ship Owners and cargo interests (Manufacturers, producers and traders). The area or market where they have managed to carve a niche for itself specifically involve the Arabian/ Persian Gulf, Indian sub-continent, South East Asia & the Far East, Red sea, West Africa, Black sea and the South American markets.

To provide customers the highest level of professionalism and experience that adds value to overall success of their business.

Trans Coral Shipping's involvement in Heavy cargo transport goes back to 2011. **Trans Coral** has been a major player in steel product transportation since its establishment. We transport project cargo and steel product as well as various kinds of general cargo including but not limited to large trucks, construction machinery, cable drums, wind mill blades and many more.

PROJECTS

From the very beginning, we take you “aboard” and guide you and your cargo throughout all phases of the voyage. You enjoy a customized transport solution which is planned and implemented by our expert team, working together with you. The utmost care coupled with a high degree of flexibility and dedication – that is the quality for which we stand at TRANS CORAL SHIPPING

Trans Coral Shipping is a leading operator of project cargo with association of various owners of modern fleet of multi-purpose and heavy lift vessels. We combine expertise and experience in tailor-made logistic solutions with in-house technical management for safe, efficient and on-time delivery of special cargo.

When cargoes get heavy and shipments are urgent, leading industry companies and freight forwarders worldwide turn to Trans Coral Shipping. Trans Coral Shipping is your heavy-lift shipping partner providing tailor-made transport services for general, overweight and oversize cargo with headquarters in Sharjah and offices in China and India. Trans Coral's mission is to create and develop the highest quality transport service for clients worldwide.
